

INTRODUCTION TO HOT DIP GALVANIZING

This one day course has been designed to provide galvanizing plant operators and newly appointed inspectors with an initial understanding of the concepts relating to the use of hot dip galvanized coatings as applied for corrosion control of carbon steel components.

The course comprises six modules, each approximately 45 minutes, with 15 minutes allocated for question and discussion. The lectures are followed by a one hour examination designed to test course effectiveness. The course is presented as an introduction to the more advanced and detailed three day qualification course for hot dip galvanizing inspectors. Should delegates perform well in the test, they will be invited to attend the Level II course.

Bookings are limited (maximum 10 people) and will be treated on a first-come-first-serve basis. Please note that in order for the course to be viable we require six or more candidates to attend. Arrangements can also be made for the course to be held on your premises for more than six candidates. As an addition to the course, a special visit to a hot dip galvanizing plant can be arranged on a separate date, should six or more candidates be interested.

Course Content

- ◆ Introduction to corrosion
- ◆ Understanding hot dip galvanizing & Zinc coatings
- ◆ Inspection and jigging before hot dip galvanizing
- ◆ The hot dip galvanizing process
- ◆ Inspection after hot dip galvanizing
- ◆ Maintenance and controls

Course Duration

This is a one day course comprising six lectures and a one hour multiple choice examination, designed to test the effectiveness of the course and where necessary to act as a qualification for candidates to undertake the more demanding three day inspector's course.

Time

The course commences at 08h00 sharp and ends at 16h00. Lunch and refreshments will be provided.

Course Cost and Payment Terms

R1 500.00 per person excluding VAT. Should you have 2 or more delegates from the same company, course costs will be R1 300.00 per person excluding VAT. Members qualify for a different discount structure.

NB: Training is on a strict COD basis only, unless prior arrangements have been made. Payment is due on or before the first day of training.

BOOKING FORM INTRODUCTION TO HOT DIP GALVANIZING

Please print your details clearly and fax this page to (011) 454-6304. Upon receiving your form, a reservation will be made and an invoice made out to your company. A withdrawal will be accepted within 3 weeks of the course starting date. No refunds or credits will be entertained for any withdrawal at a later time. Contact Saskia or Marjorie for any queries (011) 456-7960.
